be in good standing with the Illinois Secretary of State; and (iii) have a valid DUNS number. It is Grantee's responsibility to remain current with these registrations and requirements at all times during which it has an active Agreement with AgeOptions. If Grantee's status with regard to any of these requirements changes, Grantee must notify AgeOptions.

- a. **Accounting System.** Grantee organizations must have an accounting system that provides accurate, current, and complete disclosure of all financial transactions related to each state and federally funded Program. Accounting records must contain information pertaining to State and Federal pass-through awards, authorizations, obligations, unobligated balances, assets, outlays, and income. These records must be maintained on a current basis and balanced at least quarterly. Cash contributions to the Program from third parties must be accounted for in the general ledger with other Grant Funds. Third party in-kind (non-cash) contributions are not required to be recorded in the general ledger, but must be under accounting control, possibly through the use of a memorandum ledger. See 2CFR 200-302.
- b. **Source Documentation.** Accounting records must be supported by such source documentation as canceled checks, bank statements, invoices, paid bills, donor letters, time and attendance records, activity reports, travel reports, contractual and consultant agreements, and sub award documentation. All supporting documentation should be clearly identified with the award and general ledger accounts which are to be charged or credited.
 - i. The documentation standards for salary changes to grants as prescribed by 2 CFR 200.430, and in the cost principles applicable to the entity's organization (Paragraphs 7.4 through 7.7).
 - ii. If records do not meet the standards in 2 CFR 200.430, then Grantor may notify Grantee of the requirement to submit Personnel activity reports. See 2 CFR 200.430 (i)(8). Personnel activity reports shall account on an after-the-fact basis for one hundred percent (100%) of the employee's actual time, separately indicating the time spent on the grant, other grants or projects, vacation or sick leave, and administrative time, if applicable. The reports must be signed by the employee, approved by the appropriate official and coincide with a pay period. These time records should be used to record the distribution of salary costs to the appropriate accounts no frequently than quarterly.
 - iii. Formal agreements with independent contractors, such as consultants, must include a description of the services to be performed, the period of performance, the fee and method of payment, an itemization of travel and other costs which are

chargeable to the agreement, and the signatures of both the contractor and an appropriate official of Grantee.

- iv. If third party in-kind (non-cash) contributions are used for Grant purposes, the valuation of these contributions must be supported with adequate documentation.
 - c. **Internal Control.** Effective control and accountability must be maintained for all cash, real and personal property, and other assets. Grantee must adequately safeguard all such property and must provide assurance that it is used solely for authorized purposes. Grantee must also have systems in place that provide reasonable assurance that the information is accurate, allowable, and compliant with the terms of the Agreement.
 - d. **Budget Control.** Records of expenditures must be maintained for each Award by the cost categories of the approved Budget (including indirect costs that are charged to the Award), and actual expenditures are compared with the Budgeted amounts at least quarterly.
- VI. **Federal Requirements.** All Grants, whether funded whole or in part with either Federal or State funds, are subject to Federal requirements and regulations, including but not limited to 2 CFR Part 200, 44 III. Admin Code 7000.30(b) and Federal Financial Management standards listed above.
- VII. **Profits.** It is not permitted for any person or entity to earn a Profit from an Award. See, e.g. 2 CFR 200.400(g); see also 30 ILCS 708/60(a)(7).
- VIII. **Management of Program Income.** Grantee is encouraged to earn income to defray program costs where appropriate, subject to 2 CFR 200.307. Project Income (client contributions) must be expended based upon the application, with any changes of expenditures to be approved by the Area Agency. Excess Project Income must expand services of the provider under this part and supplement (not supplant) funds received under the Older Americans Act. Project Income must be reported to AgeOptions and if receipts exceed the budgeted amount in the last approved NGA, the provider must provide proof to the Area Agency that the additional project income was used to expand services.³²
- IX. All project income must be expended prior to requesting federal funds from the Department on Aging and must be expended within the fiscal year in which it was earned.
- X. Grantees must obtain private and other public support for Title III services. Unless otherwise specified, at a minimum, fifteen percent

³² Source: [IDOA AAA Policies and Procedures Secs 602.7(a); 1132; 1164(b); 1151(i)(3)(b); 1144.3(a-e); and 1144.2(A)(1)]

(15%) match is required with a cash match preferred over in-kind. Match must be identified in the Grantee's budget. The national goal for project income is 20% of the federal award. Applicants may not use Title III funds to replace funds from non-federal sources. Local support toward the application, as measured in actual dollars (local cash) and/or in-kind value, should attempt to increase each year the applicant is funded. The amount of local support identified in the application (in actual dollars or in-kind value) will be evaluated as specified in the rating instrument.³³

- XI. All contributions (project income, local cash and in-kind), must meet all of the following criteria:³⁴
 - a. Are verifiable from the Grantee's records;
 - b. Are not included as contributions for any other federally-assisted project or program;
 - c. Are necessary and reasonable for proper and efficient accomplishment of project or program objectives;
 - d. Are allowable under the applicable cost principles;
 - e. Are provided for in the approved budget; and
 - f. Documented in the same manner as Title III funds. In-kind rates should be calculated at the fair market value of the item.

- XII. Grantees are prohibited under Federal law from using funds, staff or equipment purchased with Federal dollars from other sources to match Older Americans Act services. Grantees should examine State of Illinois grants prior to using those funds for match because many State of Illinois grants are Federal funds. Exceptions to this rule are Legal Services Corporation Funds, Social Services Block Grant Funds, and Community Development Block Grant Funds, which may be used as match. Matching funds are considered part of the Title III project and are subject to Federal limitations and requirements for use of Federal funds.³⁵

- XIII. (For Contractors only) The Area Agency will perform a special review of costs under the contract to evaluate the accuracy of unit rates and provide a basis for revision of unit reimbursement rates.

- XIV. Depreciation is not an allowable expense.

- XV. Grantees and contractors are prohibited from receiving a profit from the grant or contract.³⁶

- XVI. (For Grantees only) Federal and State of Illinois General Revenue Fund dollars are earned when costs are incurred and when local cash and in-kind are obtained and reported. Unless notified otherwise by AgeOptions, any Federal and State dollar advances which are not to be used for outstanding obligations as of the last day of the fiscal year must be returned to the Area Agency immediately or subtracted from the September reimbursement request. Any unearned cash as determined in the closeout calculation for the grant year must be returned to AgeOptions no later than 30 days following the receipt of the closeout report, unless notified otherwise by AgeOptions.³⁷
- XVII. In compliance with the Grant Funds Recovery Act (30 ICCS 705/1 *et.seq.*), any Grant Funds that are not expended or legally obligated by the end of the grant agreement, or during the time limitation to grant fund expenditures set forth in the Notice of Grant Award (NGA), must be returned to AgeOptions within 45 days.
- XVIII. Funds made available under Title III shall supplement, and not supplant, any Federal, State, or local funds expended by the Grantee.

Required Due Dates

- I. The Grantee must submit all required financial and program reports on forms provided by (or specifically approved in writing) and in a manner specified by AgeOptions. Beginning with FY2020, all pre-award (i.e., annual budget) and post award (i.e., budget revisions, quarterly cost report, close-out reports) must be submitted via AgeOptions' online Grants Portal.
- II. Failure to submit reports on time may result in appropriate measures as defined in Federal and State guidelines, the Performance Deficiency Policy, and/or the Notification of Grant Award.
- III. Monthly NAPIS client and service data is due in Harmony fifteen (15) days following each month, unless an alternate reporting schedule has been requested and approved in writing.

4	July 1 – September 30

- VII. Significant Development Reports are due fifteen (15) days following the end of each quarter.
- VIII. For each of Quarters 1, 2 and 3, a Quarterly Service Cost Report is due for each Title program within fifteen (15) days following the end of that quarter. In the event that Grantee is unable to submit its Quarterly Service Cost Report(s) on time, Grantee shall notify AgeOptions and may request an extension of time to submit. Grantor's approval of Grantee's request for an extension shall not be unreasonably withheld.
- IX. A Close-out Report for each Title Program is due on November 10th of each year. The Close-out Report includes costs for the 4th Quarter, any adjustments for previous quarters, and an explanation of any excess Project Income as well as any variances +/- 10% or \$1000.
- X. All service outputs, budget, and narrative statements are to be adhered to by the Grantee. The approval of any cost change over ten percent (10%) in a budget category (personnel, travel, equipment and supplies, other) or between service category will require a revised budget, a letter requesting the changes, reasons for the request by sixty (60) days before the end of the fiscal year, but are not to be incorporated into the grant without the written approval of the Area Agency. If approved, AgeOptions will issue a revised Notification of Grant Award.

- VIII. Grantees wishing to use computerized narrative documentation must have written procedures that ensure client confidentiality. These procedures must be approved by AgeOptions before instituted. The narrative must contain the name of client, page number, and documentation of contact. The client file must contain a printed copy of each page of the case notes, signed and dated as required. Procedures for ensuring confidentiality may include but are not limited to, the use of passwords, or the file being saved on a disk and the disk stored in a locked cabinet.
