

Illinois Dual Eligible Special Needs Plans Comparison (D-SNP) Chart

PLEASE NOTE: Information in this document is based on the Member Handbook for each Illinois D-SNP

All D-SNPs will cover: Medicare Part A services, Medicare Part B services, Medicare Part D (prescription drug coverage), Illinois Medicaid services, and Long-Term Services and Supports (LTSS)

All D-SNPs are Medicare Advantage Health Maintenance Organizations (HMOs) and will require enrollees to choose a primary care provider. Enrollees must remain in network to receive coverage.

All D-SNPs have a Continuity of Care period where enrollees can see out-of-network providers if they are currently receiving treatment. Enrollees will receive an 180-day period if they are newly enrolled into a D-SNP and a 90-day period if they are switching to a different D-SNP. Note: Molina only offers a 90- day Continuity of Care period for all enrollees.

Supplemental Benefits

Medicare Advantage Supplemental Benefits covered by ALL D-SNPs: Vision*, hearing*, dental*, fitness benefits, over the counter drugs*, meals for short duration, annual physical exam, telehealth, worldwide emergency.

Medicare Advantage Supplemental benefits that are NOT covered by all plans: Massage therapy, counseling services, support for caregivers of enrollees, transportation to any health-related location, post discharge in home medication reconciliation, pre-admission prevention, weight management programs, adult day services, and home-based palliative care.

Supplemental Benefits That Vary Across Plans

Please note that all supplemental benefits a plan covers may have restrictions placed upon them. Benefits with an asterisk indicate that it is a Medicaid covered service that D-SNP plans may provide benefits beyond Medicaid coverage requirements.
